

Social Work Fellowship

A Social Work Fellowship Program Designed To Alleviate Workforce Challenges, Lower Barriers to Entry for Workers and Improve Health Equity Across the Country.

Our Social Work Fellowship platform provides a complete solution, allowing your social workforce to build skills and confidence faster while encouraging your leaders to identify problems earlier and intervene with real-time data. The data collected throughout the program provides unique visibility into a social worker's journey, allowing for each system to identify and analyze areas of opportunity.

Topics Covered:

- Interprofessional collaboration
- Human growth and development (social work across the lifespan)
- Assessment and diagnosis (including high-risk cases)
- Trauma, abuse, neglect and trafficking
- Psychotherapy and clinical interventions
- Health care system - payment, language, key policies and historical context/expectations
- Advocacy, policy and macro practice in healthcare
- Diversity, equity, inclusion and belonging
- Treatment modalities
- Social Determinants of Health/Social needs

An Innovative Social Work Fellowship Program Addressing Staffing Shortages

A customized Social Work Fellowship program designed to support social workers as they grow in their careers, competence and confidence – ultimately leading to healthier, stronger and safer communities.

This program is offered to Social Workers who have completed their Master's in Social Work and is designed to:

Fill Learning Gaps

This program aims to fill the gaps between a Master's in Social Work and Clinical Licensure.

Expand Knowledge

This program supports social workers who have little to no experience working in an acute care setting expand their knowledge.

Build Strong Community

This program exposes social workers broadly to other clinical social workers and their experience through discussion forums and guest speakers.

Provide Continued Support

This program provides support for social workers who are working in facilities with limited resources.
